

Application Procedures and Guidelines for the 2016 Keio University-Global Alliance Master's Programme in Management Education (CEMS MIM) (For those who are planning to apply for admission into the Master's Programme in Economics at Keio University as part of the CEMS MIM Programme.)

1. About the Programme

The Graduate School of Economics offers a double-degree programme with CEMS, the Global Alliance in Management Education. CEMS is a strategic alliance of 29 of the world's top-level business schools and universities, over 50 multinational corporate partners and several social partners, and offers a Master's degree in International Management (CEMS MIM). There are three key components of the CEMS programme: Term 1 (the equivalent of Keio's fall semester), Term 2 (the equivalent of Keio's spring semester), and an internship of at least 10 weeks. At least two of these components must be taken outside Japan. If Term 1 and Term 2 are taken outside Japan, students take CEMS courses at one of the CEMS schools for Term 1 and at another CEMS school for Term 2. If one of the terms is taken at a CEMS school other than Keio and the internship is taken outside Japan, students can take the remaining CEMS term at Keio University. For information about CEMS please see "For Keio Students(<http://www.ic.keio.ac.jp/en/study/cems/keio/index.html>)".
